LIQUID SCENTED HAND SOAP with moisturising ingredients

It is a liquid handwash soap formulated with a calibrated mixture of surfactants, softeners and conditioning the skin, which ensures clean hands and protect them.
It is a neutral product and can be used repeatedly without drying effects on the skin.

It is suitable for restaurants, pizzeria, hotels, bars, offices.

During its use rapidly forms a soft and plentiful foam.

It is a viscous liquid, pearly white, pleasantly scented.
It can be used with dispensers that exceed the problem of hygienic handling of promiscuous soap.

INSTRUCTIONS FOR USE

Moisten your hands.

Put on your wet hands and adequate quantity of product, rub your hands and rinse.

PRECAUTIONS

Refer to the information sheet on safety.

LEGISLATION

Soap handwash made according to the provisions required by the Chemicals application of Law 126 of 24/04/97 713 of 10/11/86. Use preferably within 12 months from date of manufacture. Contains anionic and non-ionic surfactants.
