CONCENTRATED DETERGENT FOR CLEANING WOODEN FLOORS

Super-concentrated detergent with a pleasant fragrance for routine cleaning of wooden floors. It cleans deep-down without damaging the surface.

It performs an antistatic action.

INSTRUCTIONS

Use diluted in water at 1-2%. It can be applied with a rag or sprayed on.

Wash the floor with the solution made, using a rag or well-wrung mop.

Rinse in clean water from time to time to remove the grime picked up, then wring and immerse again in the detergent solution.

Always wring the rag well to avoid leaving a large quantity of water on the wooden surface.

PRODUCT FOR PROFESSIONAL USE ONLY

STORAGE

Keep the container tightly sealed.
Store at 0 to 40°C

PRECAUTIONS

Consult the safety information sheet.
